**TECHNICAL DATA SHEET**

---

**en****Name of product:****FAXE Decking Cleaner Conc. 0580 99300**

---

**Type of product:** Water-borne concentrated cleaning agent.**Application:** Depth cleaning of wooden decking and tiles. FAXE Decking Cleaner Conc. is suitable for cleaning of patio coverings made of untreated or oiled wood, stone or composite material.**Properties:** FAXE Decking Cleaner Conc. removes dirt and coatings. When using a scrubber with stiff bristles the cleaning is very quick and efficiently, also for profiled surfaces.

---

**Application:**

Method:	Recommended viscosity:	Thinner:
Brush	-	water
Scrub	-	water

\* The temperature must be above 10°C.

\* Make the terrace wet.

\* Scrub the surface with FAXE Decking Cleaner Conc. thinned with water. 1 part of Decking Cleaner to 5 parts of water.

\* Rinse off loosened dirt and growths with plenty of water.

\* Leave the terrace to dry.

The finished result depends, amongst other things, on the preparatory treatment, structure and natural colour of the substrate. For this reason, try out first on a sample area.

---

**System Specification:****AFTER CARE:**

Tiles:

As aftercare FAXE Patio Sealer can be used. FAXE Patio Sealer will prolong the effect of the treatment.

Wooden deckings:

Finally FAXE Decking Oil or Arsinol Transparent is used. If the wood is very weathered or faded and need refreshing the FAXE Decking Oil or Arsinol Transparent in a similar colour is recommended.

---

**Storage:** Store above 10° C.**Shelf-life:** 12 Months in an unopened container**Cleaning:** The tools should be cleaned with water.

---

**Note:** FAXE Decking Cleaner Conc. does not damage the adjacent vegetation.
